

# Multiple Sequence Opening

To open several sequences use the *File->Open* menu item or *Open* toolbar button and using *Ctrl* select the several sequences and click the *Open* button. The following dialog will appear:

The following parameters are available:

*Separate sequence mode* - opens the sequences as separate sequences.

*Merge sequence mode* - merges sequences into one sequence with selected number of unknown symbols between sequences.

*Join sequences into alignment* - joins sequences into alignment.

*Save document* - save document to the selected document.

Also you can change the order of the sequences by up and down arrows.

Choose the parameters and click the *Open* button. Sequences will be opened in the selected mode.

In the *Separate sequence mode* sequences will be opened as separate sequences in selected order. You can change the sequences order by drag and drop in the sequence view.
