

Start Page

The *Start Page* is the first page that appear when UGENE is launched. From this page you can open a file, create a sequence, create a workflow (use a sample workflow or create a new one), open the Quick Start Guide, and open recent files directly.

To return to the *Start Page* at any time select *Help->Open Start Page* in the main menu.

The screenshot shows the UGENE application window with the following elements:

- Menu Bar:** File, Actions, Settings, Tools, Window, Help
